

IN THE MATTER OF

This document is an exact duplicate, with the exception of the form of the signature, of the e-filed copy submitted to the Commission in accordance with its electronic filing instructions.

Neutral Tandem-South Carolina, LLC (hereinafter "Applicant"), respectfully requests that Public Service Commission of South Carolina ("Commission") grant Applicant authority pursuant to S.C. Code Annotated Section 58-9-520 and 26 S.C. Reg. 103-834 of the Commission's Regulations to provide resold and facilities-based local exchange and interexchange telecommunication services in South Carolina. In addition, Applicant requests that the Commission regulate its local telecommunications services in accordance with the principles and procedures established for flexible regulation in Order No. 98-165 in Docket No. 97-467-C. Pursuant to South Carolina Code Section 58-9-585 and the general regulatory authority of the Commission, Applicant also requests that the Commission regulate its business services, consumer card services, operator services, and private line service offerings in accordance with the principles and procedures established for relaxed regulation in Orders No. 95-1734 and 96-55 in Docket No. 95-661-C as modified by Order No. 2001-997 in Docket No. 2000-407-C. Applicant, for purposes of verification, and in evidence of its fitness to operate and the public need for its services, offers the following

information in support of this Application:

Identification of the Applicant

1. Applicant maintains its headquarters at One South Wacker Drive, Suite 200; Chicago, IL 60606. Applicant is organized under the laws of the State of Delaware. A copy of the Company's Articles of Organization is attached hereto as **Exhibit A**. Applicant has the authority to transact business within the State of South Carolina as a foreign limited liability company. A copy of the qualifying document is set forth in **Exhibit B** attached hereto. Neutral Tandem, Inc. is the parent corporation which is establishing a generally separate limited liability company for each affiliate by state. Affiliates are currently authorized to provide service in seventeen states and applications are pending in South Carolina and Arizona.

2. Correspondence regarding this Application should be directed to:

Description of Applicant

3. Applicant seeks authority to provide both facilities-based and resold non-

switched dedicated and private line services that will provide ILECs, CLECs, ISPs, paging and cellular companies, cable companies, and government and corporate customers with broadband transmission services throughout South Carolina to the extent authorized by the Commission and under the Telecommunications Act of 1996. Service will be provided twenty-four hours a day, seven days a week.

4. Applicant does not intend to provide 900 or 700 services.

5. Applicant plans to provide services primarily over their own facilities. However, where Applicant lacks facilities and where customer demand warrants, Applicant may resell the high capacity special access services of other facilities-based carriers, such as DS-1, DS-3, and multiplexing services.

6. Applicant intends to expand its service offerings to include facilities-based and resold local exchange services and a full range of 1+ interexchange telecommunications services on a resale basis as market conditions warrant.

7. Applicant will abide by all rules governing telecommunications providers which the Commission has promulgated or may promulgate in the future, unless application of such rules is specifically waived by the Commission.

Proposed Services

8. Applicant will not be marketing to residential or small businesses; but primarily to other carriers. Applicant's initial service offering will consist of transport and access services for competitive carriers. Applicant has no plans to provide dial tone services to end user customers at this time. If Applicant does offer dial tone service in the future it will comply with all applicable state and federal regulations.

9. Applicant intends to offer both facilities-based and resold non-switched dedicated and private line services.

10. Applicant is committed to the use of ethical sales practices. All distributors of its products must commit in writing to market Applicant's services in a professional manner, and to fairly and accurately portray Applicant's services and the charges for them.

Description and Fitness of Applicant

11. Applicant's officers have extensive managerial, financial and technical experience with which to execute the business plan described herein. Applicant's management personnel represent a broad spectrum of business and technical disciplines, possessing many years of individual and aggregate telecommunications experience. In support of Applicant's managerial and technical ability to provide the services for which authority is sought herein, Applicant submits a description of the background and experience of its current management team as **Exhibit C**.

Applicant has access to the capital and resources necessary to provide the services for which authority is requested herein. Applicant attaches its balance sheet and its income statement as of October 13, 2006, filed under seal as Exhibit D. Neutral Tandem-South Carolina, LLC was formed on August 29, 2006. The parent company, Neutral Tandem Inc. will provide financial support to the applicant if needed during the start-up phase. The audited financial statements for Neutral Tandem Inc. as of December 31, 2005, and the unaudited financial statements for Neutral Tandem Inc. as of October 13, 2006, filed under seal as **Exhibit E**. The Applicant and Neutral Tandem Inc are privately-held companies. Accordingly, their financial statements are not public information. As privately-held companies, they do not issue annual reports or submit any financial filings with the Securities and Exchange Commission. The Applicant respectfully requests that these financial statements disclosed in connection with this Application be filed under seal, solely for the purpose of the Commission's and ORS' review. The Applicant is simultaneously

filing a motion for protective treatment of Exhibits D and E with this application.

Public Interest Considerations

12. Applicant's entry into the South Carolina marketplace is in the public interest because Applicant intends to make an attractive blend of service quality, network management and reporting, and low rates available. The market incentives for new and existing providers of telecommunications services will be improved through an increase in the diversity of suppliers and competition within the local exchange telecommunications market. As a result, all consumers will enjoy greater availability of services, lower costs, higher quality, and increased efficiency and reliability.

13. In addition to the direct benefits delivered to the public by its services, Applicant's entry into the South Carolina marketplace will benefit the public indirectly by increasing the competitive pressure felt by existing carriers and spurring them to lower costs and improve services in response.

14. A decision by the Commission granting the Applicant authority to provide local and long distance telecommunication services described herein is in the public interest. Permitting the Applicant to provide services described in this Application will expand service options and increase competition in South Carolina without any adverse impact on the Commission's goals of universal service and affordable local and long distance service for individual customers. Approval will promote consumer choice by expanding the availability of innovative, high quality, reliable and competitively-priced telecommunication services. Approval is also likely to cause other local and long distance telecommunications providers to improve their existing services, become more efficient and introduce service innovations of their own.

Requested Regulatory Treatment

15. In Docket Number 97-467-C, Order No. 98-165, the Commission approved flexible regulation for NewSouth Communications, LLC. This form of regulation included a rate structure, which incorporated maximum rate levels with the flexibility for adjustment below the maximum rate levels. The Commission determined that local tariff filings would be presumed valid upon filing; subject to the Commission's right within thirty days to institute an investigation of a tariff filing and that any such tariff filings would be subject to the same monitoring process as similarly situated competitive local exchange carriers. Applicant submits that as a local exchange competitor it should be subject to regulatory constraints no greater than those imposed in the above-mentioned docket. Applicant requests that its local exchange and interexchange service tariff filings be regulated under this form of flexible regulation.

16. In Docket No. 95-661-C, in response to a Petition for Alternative Regulation by AT&T Communications of the Southern States, the Commission determined that there was sufficient competition in the market for interexchange telecommunication services to justify relaxing the manner in which AT&T was regulated. Applicant submits that, as a potential competitor of AT&T in the market for providing telecommunications services, it should be subject to no regulatory constraints greater than those imposed on AT&T. Accordingly, Applicant requests that its interexchange business service offerings, consumer card services, operator services¹, and private line service offerings be regulated under this form of relaxed regulation.

¹ Excepting those operator-assisted calls where a consumer uses a local exchange carrier's calling card to complete calls from locations which have not selected the local exchange carrier as their toll provider. Operator surcharges and per-minute rates for this type of call were capped by Order No. 2001-997 dated November 8, 2001.

Because of both the level of competition found by the Commission in Docket No. 95-661-C and the Commission's decision to permit AT&T greater rate flexibility, Applicant submits that it is critical to the continued development of a competitive market for telecommunications services that the Commission apply the relaxed regulation described in Order Nos. 95-1734 and 96-55 to Applicant's service offerings. Applicant seeks these relaxed and alternative forms of regulation in anticipation of its expansion of future service offerings to end user customers.

Illustrative Tariff

17. Applicant intends to provide service in South Carolina pursuant to the terms and conditions outlined in the illustrative tariff, which is attached for information as **Exhibit F**. Pursuant to the requirements set forth in S.C. Code Ann. 58-9-280(B)(5), that tariff includes a price list in connection with the local exchange and interexchange services to be provided by the Applicant. Upon execution of the necessary interconnection agreements, the Applicant will file an amended price list that includes specific rates for the services to be offered by the Applicant in South Carolina.

Waivers

18. Applicant requests that the Commission grant it the following waivers:

A. Applicant requests waiver of 26 S.C. Reg. 103-610, Location of Records and Reports. Applicant does not anticipate maintaining offices or personnel in the State of South Carolina. In the absence of such a waiver, Applicant would be compelled to assume added expense to maintain records and reports in South Carolina. Applicant avers that records and reports will be maintained at its headquarters office and will be made available to the Commission upon request, at

no charge. The Commission will not be inconvenienced, and the public will not be exposed to any risk through the grant of this waiver request. Applicant understands that similar requests for waiver of R.103-610 are routinely granted by the Commission.

B. Applicant requests a waiver of the Commission's requirement under 26 S.C. Regs. 103-631 that it be required to publish a local exchange directory. Applicant will make arrangements with the incumbent local exchange carriers ("LECs") whereby the names of its customers will be included in the directories published by the incumbent LECs. LEC directories will also be modified to include Applicant's customer service number. These directories will be distributed to Applicant's customers. This approach is entirely reasonable and will have a direct benefit to the customers of both Applicant and the incumbent LECs, since there would be only one directory containing a universal listing of customer information. It would be an unnecessary burden on Applicant to require that it publish and distribute its own directory to all customers located within each exchange area. It is more efficient for Applicant to include its limited customer list in the existing directories of the incumbent LECs.

C. Applicant also requests a waiver of any Commission policy that would require it to maintain its books under the Uniform System of Accounts ("USOA") method. The company currently uses Generally Accepted Accounting Principals ("GAAP") to maintain its books. Therefore, it would create a hardship to maintain a separate accounting system.

Conclusion

A decision by the Commission to grant the Applicant a Certificate of Public

Convenience and Necessity is plainly in the public interest. Applicant will introduce new products and services at very competitive rates as well as enhance the competitiveness of the overall long distance market in South Carolina.

WHEREFORE, Neutral Tandem-South Carolina, LLC, respectfully requests that this Commission grant it authority to transact the business of a reseller of local exchange and interexchange services within the State of South Carolina and that its request for flexible regulatory treatment be approved.

Dated this 23rd day of October, 2006.

EXHIBIT C

Background and Experience of Key Management

Rian J. Wren, President and Chief Executive Officer, is a telecommunications industry veteran and pioneer of IP telephony. As Senior Vice President and General Manager of Telephony for Comcast Cable, Wren was responsible for the overall delivery of telephony services for the country's leading cable and broadband communications provider until joining Neutral Tandem in February 2006.

Wren joined Comcast in 1999 and was named CEO of Broadnet, Comcast's international wireless company in 2000. After returning to Comcast Business Communications (CBC), he served as the business unit's President where he had management and leadership responsibility for providing network solutions to Comcast's business customers.

Prior to joining Comcast, Wren held several senior management positions at AT&T, including President of the Southeast Region, and worked in the Consumer, Business, Network Services, and Network Systems Manufacturing organizations for more than 20 years.

Wren holds a bachelor of science degree in Electrical Engineering from the New Jersey Institute of Technology and an M.B.A. from Stanford University.

Ron Gavillet is the Executive Vice President of External Affairs of Neutral Tandem-California, LLC and its parent Neutral Tandem, Inc. Most recently, Ron served as Executive Vice President of Strategy and External Affairs and General Counsel for MCG Capital Corp.'s Biznessonline.com, Inc. In addition, after 5 years in private practice with the law firm Skadden, Arps, Slate, Meagher & Flom, Ron held senior legal & strategy positions with MCI, Universal Access, Vertex Broadband Corp., and USN Communications, Inc. Ron has authored several articles on telecommunications and was the Founder and Co-Chair of the Federal Communications Bar Association Midwest Chapter. Ron has both a B.A. in Communications and a B.S. in Political Science from Southern Illinois University; a J.D. from the Columbus School of Law at Catholic University of America; and Masters in Management from the Kellogg Graduate School of Management at Northwestern University.

Rob Junkroski is the Chief Financial Officer of Neutral Tandem-California, LLC and its parent, Neutral Tandem, Inc. Mr. Junkroski was most recently Vice President of Finance with Focal Communications. His responsibilities included managing all the working capital functions within the company including accounts payable and receivable, credit and collections, carrier and end-user billing, regulatory compliance and real estate management. Mr. Junkroski previously served as Treasurer and Controller and was responsible for all the accounting, revenue assurance, audit, cash and risk management and customer credit functions. Mr. Junkroski was also involved with capital raising activities at Focal totaling \$1 billion. Before joining Focal, Mr. Junkroski was Controller for Brambles Equipment Services, Inc. and Focus Leasing Corporation.

SYMBOLS

The following are the only symbols used for the purposes indicated below:

- C - Change in regulation or rate structure.
- D - Delete or discontinue
- I - Increase in rate.
- M - Moved from another tariff location.
- N - New rate or regulation.
- R - Reduction in rate.
- T - Change in text or regulation but no change in rate or charge.

ISSUED:**EFFECTIVE:****ISSUED BY:**

NEUTRAL TANDEM-SOUTH CAROLINA, LLC

One South Wacker Drive, Suite 200
Chicago, IL 60606

TARIFF FORMAT

- A. Page Numbering** - Page numbers appear in the upper right corner of the sheet. Pages are numbered sequentially. However, new pages are occasionally added to the tariff. When a new page is added between existing pages with whole numbers, a decimal is added. For example, a new page added between pages 34 and 35 would be page 34.1.
- B. Page Revisions** - Revision numbers also appear in the upper right corner of the page. These numbers are used to determine the most current page version on file with the Commission. For example, 4th Revised Page 34 cancels the 3rd Revised Page 34. Consult the check sheet for the page currently in effect.
- C. Paragraph Numbering Sequence** - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level of coding.
- 2
 - 2.1
 - 2.1.1
 - 2.1.1.A
 - 2.1.1.A.1
 - 2.1.1.A.1.(a)
 - 2.1.1.A.1.(a).I
 - 2.1.1.A. 1.(a).I.(i)
- D. Check Sheet** - When a tariff is filed with the commission, an updated check sheet accompanies the filing. The check sheet lists the tariff pages, with a cross reference to the current revision number. When new sheets are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this sheet if these are the only changes made. The tariff user should refer to the latest check sheet to find out if a particular page is the most current on file with the Commission.

Chicago, IL 60606

SECTION 1 - TECHNICAL TERMS AND ABBREVIATIONS**1.1 Definitions**

Application for Service - a standard order form which includes all pertinent billing, technical and other descriptive information which will enable the carrier to provide the communication service.

ASR (Access Service Request) - Service order processed to the underlying local exchange or interexchange carrier.

Authorization Code - a numerical code, one or more of which are assigned to a customer to enable a reseller to identify use of service on its account and to bill the customer accordingly for such service. Multiple authorization codes may be assigned to a customer to identify individual users or groups of users on its account.

Authorized User - a person, firm, corporation or other entity authorized by the customer to receive or send communications.

Automatic Dialing Device - an apparatus provided by the carrier which, when attached to customer's telephone equipment, dials the carrier's facilities, emits an authorization code, and forwards the called number to the carrier's facilities.

Bandwidth - the total frequency band allocated for a channel.

Business Customer - any Customer of the Company who is not a Residential Customer as described herein.

Busy Hour - the two consecutive half hours during which the greatest volume of traffic is handled.

Cancellation of Order - a customer-initiated request to discontinue processing a service order, either in part or in its entirety, prior to its completion.

Carrier - Neutral Tandem-South Carolina, LLC, unless specifically stated otherwise.

Company - Neutral Tandem-South Carolina, LLC, sometimes referred to as "Carrier."

Completed Calls - calls answered at the distance end. If a customer is charged for an incomplete call, the Company will issue a one minute credit upon the customer's request.

Custom Account Coding - key, legend or table created by the customer for a unique project or account numbers for its private use.

Customer - the person, firm, corporation or other entity that orders or uses service and is responsible for payment of the rates and charges under a contract or this tariff.

Customer Premises Equipment - communications equipment located at the customer's premises. Such equipment may be provided by the customer or by The Company.

Day Rate Period - unless otherwise specified in this tariff, the Day Rate Period applies during the hours of 8:00 a.m. to, but not including 5:00 p.m., Monday through Friday.

Dedicated Port - a port on reseller's switch which is dedicated, at extra charge, to customer's exclusive use, and which is connected to the customer's premises by a private line furnished by the customer or the customer's serving local exchange company.

Delinquent or Delinquency - an account for which a bill or payment agreement for services or equipment has not been paid in full on or before the due date. Amounts due and unpaid after the due date may be subject to a late payment charge.

ISSUED:**EFFECTIVE:****ISSUED BY:**

NEUTRAL TANDEM-SOUTH CAROLINA, LLC
Ron Gavillet, Executive Vice President
One South Wacker Drive, Suite 200
Chicago, IL 60606

SECTION 1 - TECHNICAL TERMS AND ABBREVIATIONS**1.1 Definitions (continued)**

Disconnect - to render inoperable or to disable circuitry thus preventing outgoing and incoming toll communications service.

Dialed Number Information Service (DNIS) - A toll free service option, under which Carrier electronically transmits to Customer, identifying digits (up to 10 digits) that indicate which number was dialed when multiple numbers terminate on the same trunk group.

Evening Rate Period - unless otherwise specified in this tariff, the Evening Rate Period applies during the hours of 5:00 p.m. to, but not including 11:00 p.m., Sunday through Friday.

Excessive Call Attempt - a customer attempt to call over the carrier's network using an invalid authorization code during a measured 15 minute period, within which 10 or more incomplete call attempts are made by the customer from the same customer line, and where those attempts do not complete because the customer has not used a valid authorization code.

Expedite - The best effort acceleration of the installation date in advance of commitment date provided by the Company.

Holidays - for the purposes of this tariff recognized holidays are New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day and Christmas day.

Holiday Rate Period - the evening rate will apply to calls made on the Company recognized holidays, provided, however, that calls made on holidays during the Night/Weekend Rate Period shall be billed at the lower of the Evening Rate and the Night/Weekend Rate.

Interexchange Utility - a utility, resale carrier or other entity that provides intrastate telecommunications services and facilities between exchanges within the state, without regard to how such traffic is carried. A local exchange utility that provides exchange service may also be considered an interexchange utility.

Local Distribution Area - metropolitan locations served by the Company which have been defined by the local exchange telephone company as a local calling area under its local exchange tariff.

Measured Use Service - the provision of long distance measured time communications telephone service to customers who access the carrier's services at its switching and call processing equipment by means of access facilities obtained from another carrier by the customer or otherwise provided at its own expense (the customer is responsible for arranging for the access line).

Message - a completed telephone call by a customer or end user.

Network Terminal - any location where the Company provides services described herein.

Night/Weekend Rate Period - unless otherwise specified in this tariff, the Night/Weekend Rate Period applies during the hours of 11:00 p.m. to, but not including 8:00 a.m., Monday through Friday; all day Saturday; and from 8:00 a.m. to, but not including 5:00 p.m. Sunday.

Normal Business Hours - the hours of 8:00 a.m. to 5:00 p.m., Monday through Friday, excluding holidays.

ISSUED:**EFFECTIVE:****ISSUED BY:**

NEUTRAL TANDEM-SOUTH CAROLINA, LLC
Ron Gavillet, Executive Vice President
One South Wacker Drive, Suite 200
Chicago, IL 60606

SECTION 1 - TECHNICAL TERMS AND ABBREVIATIONS**1.1 Definitions (continued)**

Physical Change - the modification of a circuit, dedicated access line, or port at the request of the customer requiring an actual material change.

Post-engineering - After provisioning of service elements.

Pre-engineering - Prior to provisioning of service elements.

Premises - the space occupied by an individual customer in a building, in adjoining buildings occupied entirely by that customer, or on contiguous property occupied by the customer separated only by a public thoroughfare, a railroad right of way or a natural barrier.

Rate - money, charge, fee or other recurring assessment billed to customers for services or equipment.

Residential Customer - For the purpose of this tariff, a Residential Customer is a Customer of the Company whose primary use of the Company's service is for personal use in a house, apartment or other residential dwelling. A Residential Customer is also a Customer who accesses the Company's service using an access line that has not been assigned a business class of service by the local service provider.

Routing Function - terminating number for toll free service may be designated by time of day, day of the week, region of originating ANI or percentage of calls.

Suspension - temporary disconnection or impairment of service which disables either outgoing or incoming toll communications services provided by the Company.

Speed Number - a signaling arrangement by which a customer may elect to dial a pre-programmed four-digit number in place of a designated ten-digit number.

Terminal Equipment - telephone instruments, including pay telephone equipment, the common equipment of large and small key and PBX systems and other devices and apparatus, and associated wiring, which are intended to be connected electrically, acoustically or inductively to the telecommunication system.

Toll Free Service - a service that provides long distance calling to a predesignated destination where charges are the responsibility of the call terminated party.

United States - the forty-eight contiguous United States and the District of Columbia.

Validated Account Codes - account codes that have restricted access.

Chicago, IL 60606

SECTION 2 – REGULATIONS**2.1 Undertaking of the Company**

The Company provides long distance message telecommunications service to customers for their direct transmission of voice, data and other types of telecommunications.

Communications originate when the customer accesses the Company directly or through the facilities of another carrier via one or more access lines, equal access or on a dial-up basis. The Company may act as the customer's agent for ordering access connection facilities provided by other carriers or entities when authorized by the customer, to allow connection of a customer's location to the Company's network. The customer shall be responsible for all charges due for such service arrangements.

The Company's services are provided on a monthly basis, unless otherwise stated in this tariff. Services are available twenty-four (24) hours per day, seven (7) days per week.

ISSUED:**EFFECTIVE:**

SECTION 2 – REGULATIONS**2.2 Limitations on Service**

- 2.2.1 Service is offered subject to the availability of the necessary facilities and/or equipment and subject to the provisions of this tariff.
- 2.2.2 The Company reserves the right to discontinue furnishing service upon written notice, when necessitated by conditions beyond its control or when the customer is using the service in violation of the provisions of this tariff or in violation of the law.
- 2.2.3 To the extent that any conflict arises between the terms and conditions of a service agreement or other contract and the terms and conditions of this tariff, the tariff shall prevail.
- 2.2.4 Title to all equipment provided by the Company under this tariff remains with the Company.
- 2.2.5 The customer may not transfer or assign the use of service provided under this tariff except with the prior written consent of the Company. Such transfer or assignment shall only apply where there is no interruption in the use or location of the service, and all regulations and conditions contained in this tariff, as well as all conditions for service, shall apply to all such permitted assignees or transferees.
- 2.2.6 Customer may request Carrier to assign one or more sub-accounts for billing purposes, and to direct sub-account invoices to customer's affiliates or other designated entities for payment. Such requests shall not affect the liability of the customer, who shall remain solely liable to the Company for payment of all invoices for service requested and obtained by customer, whether invoiced by the Company to the customer, the customer's affiliates, or other designated entities.

2.3 Use of Service

Service may not be used for any unlawful purposes or for any purpose for which any payment or other compensation is received by the customer, except where the customer is a duly authorized and regulated common carrier.

NEUTRAL TANDEM-SOUTH CAROLINA, LLC
Ron Gavillet, Executive Vice President
One South Wacker Drive, Suite 200
Chicago, IL 60606

SECTION 2 – REGULATIONS**2.4 Limitation of Liability**

- 2.4.1** In view of the fact that the customer has exclusive control of its communications over the facilities furnished by the Company, and other uses for which facilities may be furnished by the Company, and because of the unavoidableness of errors incident to the services and to the use of such facilities of the Company, the services and facilities furnished by the Company are subject to the regulations and limitations specified herein.
- 2.4.2** The Company's failure to provide or maintain facilities under this tariff shall be excused by labor difficulties, governmental orders, civil commotions, acts of Nature and other circumstances beyond the Company's reasonable control, subject to the interruption allowance provisions under this tariff.
- 2.4.3** Defacement of premises - No liability shall attach to the Company by reason of any defacement or damage to the customer's premises resulting from the existence of the Company's equipment or facilities on such premises, or by the installation or removal thereof, when such defacement or damage is not the result of the negligence of the Company or its employees.
- 2.4.4** Indemnification—The Company's liability, if any, for its gross negligence or willful misconduct is not limited by this tariff. With respect to any other claim or suit by a customer or by any others, the customer indemnifies and saves harmless the Company against claims, losses or suits for injury to or death of any person, or damage to any property which arises from the use, placement or presence of the Company's equipment, facilities and associated wiring of the customer's premises and further the customer indemnifies and saves harmless the Company against claims for libel, slander, invasion of privacy or the infringement of copyright arising directly or indirectly from the material transmitted over the facilities of the Company or the use thereof by the customer; against claims for infringement of patents arising from combining with or using in connection with, facilities furnished by the Company and apparatus, equipment and systems provided by the customer; and against all other claims arising out of any act or omission of the customer in connection with the services or facilities provided by the Company. No agents or employees of other carriers shall be deemed to be agents or employees of the Company.
- 2.4.5** The Company's liability, if any, for its gross negligence or willful misconduct is not limited by this tariff. With respect to any other claim or suit, by a customer or any others, for damages arising out of mistakes, omissions, interruptions, delays or errors, or defects in transmission occurring in the course of furnishing service hereunder, the Company's liability, if any, shall not exceed an amount equivalent to the proportionate charge to the customer for the period of service during which such mistake, omission, interruption, delay, error, or defect in transmission or service occurs and continues. This liability shall be in addition to any amounts that may otherwise be due to the customer under this tariff as an allowance for interruptions. However, any such mistakes, omission, interruptions, delays, errors, or defects in transmission or service which are caused or contributed to by the negligence or willful act of the customer, or authorized user, or joint user, or which arise from the use of customer provided facilities or equipment shall not result in the imposition of any liability whatsoever upon the Company.

ISSUED:**EFFECTIVE:****ISSUED BY:**

NEUTRAL TANDEM-SOUTH CAROLINA, LLC
Ron Gavillet, Executive Vice President
One South Wacker Drive, Suite 200
Chicago, IL 60606

SECTION 2 – REGULATIONS**2.4 Limitation of Liability (continued)**

- 2.4.6** The Company shall not be liable for any damages, including usage charges that the customer may incur as a result of the unauthorized use of authorization codes or communications equipment. The unauthorized use of communications equipment includes, but is not limited to, the placement of calls from the customer's premises, and the placement of calls through equipment controlled and/or provided by the customer, that are transmitted over the Company's network without the authorization of the customer. The customer shall be fully liable for all such usage charges.
- 2.4.7** Approval of the above tariff language by the Public Service Commission of South Carolina does not constitute a determination by the Commission that the limitation of liability imposed by the Company should be upheld in a court of law. Approval by the Commission merely recognizes that since it is a court's responsibility to adjudicate negligence and consequential damage claims, it is also the court's responsibility to determine the validity of the exculpatory clause.
- 2.4.8** NOTWITHSTANDING ANY OTHER PROVISION HEREOF, NEITHER PARTY SHALL BE LIABLE TO THE OTHER PARTY OR ANY THIRD PARTY FOR THE INDIRECT CONSEQUENTIAL, INCIDENTAL RELIANCE, SPECIAL, EXEMPLARY OR PUNITIVE DAMAGES (INCLUDING BUT NOT LIMITED TO DAMAGES FOR LOST PROFITS, LOST REVENUES OR COST OF PURCHASING REPLACEMENT SERVICES) ARISING OUT OF OR RELATING TO SERVICES PROVIDED UNDER THIS TARIFF. ADDITIONALLY, SUPPLIER SHALL NOT BE LIABLE TO THE CUSTOMER FOR ANY ACTUAL DAMAGES IN EXCESS OF THE AGGREGATE AMOUNT THE SUPPLIER HAS PRIOR TO SUCH TIME COLLECTED FROM THE CUSTOMER WITH RESPECT TO SERVICES DELIVERED HEREUNDER.

2.5 Interruption of Service

- 2.5.1** If a customer's service is interrupted other than by the negligence or willful act of the customer, and it remains out of order for eight normal working hours or longer after access to the premises is made available and after being reported to be out of order, appropriate adjustments or refunds shall be made to the customer. The amount of adjustment or refund shall be determined on the basis of the known period of interruption, generally beginning from the time the service interruption is first reported. The refund to the customer shall be a pro rata part of the monthly recurring charges (but not for per minute or per call charges) for the period of days and that portion of the service facilities rendered useless or inoperative. The refund may be accomplished by a credit on a subsequent bill for the service.
- 2.5.2** A credit allowance for interruptions of service which are not due to the Company's testing or adjusting, to the negligence of the customer, or to the failure of the channels, equipment, and/or communications systems provided by the customer, are subject to the general liability provisions set forth herein. It shall be the obligation of the customer to notify the carrier of any interruption in service. Before giving such notice, the customer shall ascertain that the trouble is not being caused by any action or omission by or within the customer's control and is not in wiring or equipment connected to the carrier terminal.

SECTION 2 – REGULATIONS**2.6 Restoration of Service**

The use and restoration of service in emergencies shall be in accordance with the Part 64, Subpart D of the Federal Communications Commission's rules and Regulations which specifies the priority system for such activities.

2.7 Customer Responsibility

2.7.1 All customers assume general responsibilities in connection with the provisions and use of the Company's service. When facilities, equipment, and/or communication systems provided by others are connected to the Company's facilities, the customer assumes additional responsibilities. All customers are responsible for the following:

- A.** The customer is responsible for placing orders for service, paying all charges for service rendered by the Company and complying with all of the Company's regulations governing the service. The customer is also responsible for assuring that its users comply with regulations.
- B.** When placing an order for service, the customer must provide:
 - 1. The names and addresses of the persons responsible for the payment of service charges, and
 - 2. The names, telephone numbers, and addresses of the customer contact persons.
- C.** The customer must pay the Company for the replacement or repair of the Company's equipment when the damage results from:
 - 1. The negligence or willful act of the customer or user;
 - 2. Improper use of service; and
 - 3. Any use of equipment or service provided by others.
- D.** After receipt of payment for the damages, the Company will cooperate with the customer in prosecuting a claim against any third party causing damage.

2.7.2 Upon reasonable notice, the equipment provided by the Company shall be made available for such tests and adjustments as may be necessary to maintain them in satisfactory condition. No interruption allowance will be granted for the time during which such tests and adjustments are made.

ISSUED:**EFFECTIVE:****ISSUED BY:**

NEUTRAL TANDEM-SOUTH CAROLINA, LLC
Ron Gavillet, Executive Vice President
One South Wacker Drive, Suite 200
Chicago, IL 60606

SECTION 2 – REGULATIONS**2.7 Customer Responsibility (continued)****2.7.3 Deposits**

Applicants or customers whose financial condition is not acceptable to the Company or is not a matter of general knowledge, may be required to make, at any time, a cash deposit up to an amount equaling two and one-half times (2.5x) one (1) month's actual or estimated charges for the purpose of guaranteeing final payment for service, in accordance with the rules of the Commission. Interest on cash deposits will be payable per the deposit rules and regulations prescribed by the Commission for the period during which the deposit is held. Such deposit will be refunded or credited to the customer upon termination or after one year of prompt payment for service.

2.7.4 Credit Allowance

Credit for failure of service or equipment will be allowed only when failure is caused by or occurs in equipment owned, provided and billed for, by the Company.

- A.** Credit allowances for failure of service or equipment starts when the customer notifies the Company of the failure or when the Company becomes aware of the failure and ceases when the operation has been restored and an attempt has been made to notify the customer.
- B.** The customer shall notify the Company of failures of service or equipment and make reasonable attempts to ascertain that the failure is not caused by the customer or in wiring or equipment connected to the terminal.
- C.** Only those portions of the service or equipment operation disabled will be credited. No credit allowances will be made for:
 - 1. Interruptions of service resulting from the Company performing routine maintenance;
 - 2. Interruptions of service for implementation of a customer order for a change in the service;
 - 3. Interruption caused by the negligence of the customer or an authorized user;
 - 4. Interruptions of service because of the failure of service or equipment due to the customer or authorized user provided facilities.

Ron Gavillet, Executive Vice President
One South Wacker Drive, Suite 200
Chicago, IL 60606

SECTION 2 – REGULATIONS**2.7 Customer Responsibility (continued)****2.7.5 Cancellation by Customer**

If a customer orders services requiring special equipment and/or facilities dedicated to the customer's use and then cancels its order before the service begins, before a completion of the minimum period mutually agreed upon by the customer and the Company, a charge will be made to the customer for the non-recoverable portions of expenditures or liabilities incurred expressly on behalf of the customer by the Company and not fully reimbursed by installation and monthly charges. If, based on such an order, any construction has either begun or been completed, but no such services provided; the non-recoverable cost of such construction shall be borne by the customer.

2.7.6 Payment and Charges for Services

Charges for service are applied on a recurring and nonrecurring basis. Service is provided and billed on a monthly basis. Service continues to be provided until disconnection is requested by the customer in writing, or until canceled by the Company pursuant to this tariff.

A. Payment of Charges

Payment will be due upon receipt of the statement. A payment is considered delinquent thirty (30) days after rendition of the bill. A bill is considered rendered when deposited in the U. S. Mail for delivery to customer's last known address.

1. The customer is responsible for payment of all charges for service furnished to the customer. Charges based on actual usage during a month will be billed monthly in arrears. All fixed monthly and nonrecurring charges for services ordered will be billed monthly in advance.
2. Service may be denied or discontinued by the Company for nonpayment of past due or delinquent amounts due the Company. Restoration of service will be subject to all applicable installation charges. Disconnection may not occur before thirty (30) days from invoice and the Company must give five (5) days written notice before any disconnection can occur.

2.7.7 Application of Rates

The rates for service are those in effect for the period that service is furnished.

ISSUED:**EFFECTIVE:****ISSUED BY:**

NEUTRAL TANDEM-SOUTH CAROLINA, LLC
Ron Gavillet, Executive Vice President
One South Wacker Drive, Suite 200
Chicago, IL 60606

SECTION 2 – REGULATIONS**2.8 Responsibility of the Company**

2.8.1 Calculation of Credit Allowance Under the limitations of section 2.7.4, when service is interrupted the credit allowance will be computed on the following basis.

- A. No credit shall be allowed for an interruption of less than two hours.
- B. The customer shall be credited for an interruption of two hours or major fraction thereof that the interruption continues.
- C. Where there has been an outage, and a minimum usage charge applies, and the customer fails to meet the minimum usage, a credit shall be applied against that minimum. The credit shall equal 1/360th of the monthly minimum charges associated with the portion of service disabled for each period of two hours or major fraction thereof that the interruption continues.

2.8.2 Cancellation of Credit

Where the Company cancels a service or the provision of equipment and the final service period is less than the monthly billing period, a credit will be issued for any amounts billed in advance, prorated at 1/30th of the monthly recurring charge for each day the service was rendered or the equipment was provided. This credit will be issued to the customer or applied against the balance remaining on the customer's account.

2.8.3 Disconnection of Service by the Company

Upon five (5) days written notice, the Company may discontinue service or cancel an application for service without incurring any liability for any of the following reasons:

- A. Non-payment of any sum due to the Company for service for more than thirty days beyond the date of rendition of the bill for such service;
- B. Violation of any regulation governing the service under this tariff;
- C. Violation of any law, rule, or regulation of a government authority having jurisdiction over the service; or
- D. The Company is prohibited from furnishing services by order of a court or other government authority having jurisdiction.
- E. Customer uses equipment in such a manner as to adversely affect the Company's equipment or service to others.

ISSUED:**EFFECTIVE:****ISSUED BY:**

NEUTRAL TANDEM-SOUTH CAROLINA, LLC
Ron Gavillet, Executive Vice President
One South Wacker Drive, Suite 200
Chicago, IL 60606

SECTION 2 – REGULATIONS**2.8 Responsibility of the Company (continued)****2.8.4 Fractional Charges**

Charges for a fractional part of a month (which follows a full month) are calculated by counting the number of days remaining in the billing period after service is furnished or has been discontinued. The number of days remaining in the billing period are counted starting with the day after the service was furnished or discontinued. Divide that figure by thirty days. The resultant fraction is then multiplied by the monthly charge to arrive at the fractional monthly charge.

2.8.5 Insufficient Fund Checks

Customers will be charged on all checks issued to the Company which are returned due to insufficient funds, at a rate not to exceed the statutory allowed amount. At the discretion of the Company, the insufficient funds check charge may be waived under appropriate circumstances (e.g. a bank error).

2.9 Taxes and Fees

2.9.1 All state and local taxes (e.g., gross receipts tax, sales tax, municipal utilities tax) are not included in the rates under this tariff, but shall be listed as separate line items on the customer's bill.

2.9.2 To the extent that a municipality, other political subdivision or local agency of government, or commission imposes and collects from the Company a gross receipts tax, occupation tax, license tax, permit fee, franchise fee, or regulatory fee, such taxes and fees shall, as allowed by law, be billed pro rata to the customer receiving service from the Company within the territorial limits of such municipality, other political subdivision or local agency of government.

2.9.3 Service shall not be subject to taxes for a given taxing jurisdiction if the customer provides the Company with written verification, acceptable to the Company and to the relevant taxing jurisdiction, that the customer has been granted a tax exemption.

2.9.4 The Company may adjust its rates or impose additional rates on its customer to recover amounts it is required by governmental or quasi-governmental authorities to collect from or pay to others. The Company may also adjust its rates or impose additional rates to cover the administrative cost of collecting such charges or paying compensation to other entities. Examples of such programs include, but are not limited to, the Universal Service Fund (USF), the Presubscribed Interexchange Carrier Charge (PICC), and compensation to pay telephone service providers for the use of their pay telephones to access the Company's services.

ISSUED:**EFFECTIVE:****ISSUED BY:**

NEUTRAL TANDEM-SOUTH CAROLINA, LLC
Ron Gavillet, Executive Vice President
One South Wacker Drive, Suite 200
Chicago, IL 60606

SECTION 2 – REGULATIONS**2.9 Taxes and Fees (continued)****2.9.5 South Carolina Universal Service Fund ("SCUSF") Charge**

Services provided pursuant to this Tariff are subject to an undiscountable monthly South Carolina Universal Service Charge. Based on billing availability, the SCUSF charge is applied to the Customer's total net interstate and intrastate charges for calls that both originate and terminate and are billed within the State of South Carolina, after application of all applicable discounts and credits after October 1, 2001. Interstate and intrastate charges are assessed the SCUSF Charge at the rate ordered by the South Carolina Public Service Commission.

2.10 Unauthorized Carrier Change Charge

Carrier will assess Reseller a \$200 Unauthorized Carrier Change Charge (UCCC) for each Primary Interexchange Carrier (PIC) made without prior valid authorization which results in Carrier being named in a complaint filed with a state or federal regulatory authority or counsel. Continued acts of unauthorized PIC's by any Reseller shall be considered grounds for refusing to provide service to that Reseller.

2.11 Unauthorized Service Change Charge

Carrier will assess Reseller a \$200 Unauthorized Service Change Charge (USCC) for each unauthorized addition of services on an end user's bill which results in Carrier being named in a complaint filed with a state or federal regulatory authority or counsel. Continued acts of unauthorized service changes by any Reseller shall be considered grounds for refusing to provide service to that Reseller.

ISSUED:**EFFECTIVE:****ISSUED BY:**

NEUTRAL TANDEM-SOUTH CAROLINA, LLC
Ron Gavillet, Executive Vice President
One South Wacker Drive, Suite 200
Chicago, IL 60606

SECTION 3 - GENERAL SERVICE DESCRIPTION**3.1 Timing of Calls**

3.1.1 The customer's monthly usage charges for the Company service are based upon the total number of minutes the customer uses and the service options to which the customer subscribes. Chargeable time begins when the connection is established between the calling station and the called station or PBX. Chargeable time ends when the either party hangs up. If the called station hangs up but the calling station does not, chargeable time ends when the connection is released by automatic timing equipment within the telecommunications network.

3.1.2 No charges apply if a call is not completed.

3.2 Usage Charges and Billing Increments**3.2.1 Usage Charges**

Usage charges are determined by the time of day rate periods and minutes of use within each rate period. The rate period is determined by the time and day of call origination at the Customer's location.

3.2.2 Billing Increments

For billing purposes, the start of service is the day following acceptance by the Customer of the Company's service or equipment. The end of service date is the last day of the minimum notification of cancellation or any portion of the last day, after receipt by the Company of notification of cancellation as described in Section 2 of this tariff.

3.2.3 Start of Billing

For billing purposes, the start of service is the day following acceptance by the customer of the Company's service or equipment. The end of service date is the last day of the minimum notification of cancellation or any portion of the last day, after receipt by the Company of notification of cancellation as described in Section 2 of this tariff.

3.3 Interconnection

Service furnished by the Company may be interconnected with services or facilities of other authorized communications common carriers and with private systems, subject to the technical limitations established by the Company. Service technical limitations established by the Company. Service furnished by the Company is not part of a joint undertaking with such other carriers. Any special interface equipment of the Company and other participating carriers shall be provided at the customer's expense.

Interconnection with the facilities or services of other carriers shall be under the applicable terms and conditions of other carriers' tariffs. The customer is responsible for taking all necessary legal steps for inter connecting its customer-provided terminal equipment or communications systems with the Company's. The customer shall secure all licenses, permits, right-of-ways, and other arrangements necessary for such interconnection.

ISSUED:**EFFECTIVE:****ISSUED BY:**

NEUTRAL TANDEM-SOUTH CAROLINA, LLC
Ron Gavillet, Executive Vice President
One South Wacker Drive, Suite 200
Chicago, IL 60606

SECTION 3 - GENERAL SERVICE DESCRIPTION**3.4 Terminal Equipment**

The Company's service may be used with or terminated in customer provided terminal equipment or customer provided communication systems, such as teleprinter, handsets, or data sets. Such terminal equipment shall be furnished and maintained at the expense of the customer, except as otherwise provided. The customer is responsible for all costs at its premises, including customer personnel, wiring, electrical power, and the like incurred in its use of the Company's service.

The customer shall ensure that its terminal facilities are of the proper mode, band-width, power, data, speed, and signal level for the intended use of the customer, and that the signals do not damage the Company's equipment, injure personnel or degrade service to other customers.

If the customer fails to maintain and operate its terminal equipment properly, resulting in the occurrence or possibility of harm to the Company's equipment or personnel, or impairment to the quality of service to other customers, the Company may, upon written notice, require the use of protective equipment at the customer's expense. If this fails to produce satisfactory quality and safety of service, the Company may, upon written notice, terminate the customer's service.

3.5 Calculation of Distance

Usage charges for all mileage sensitive products are based on the airline distance between rate centers associated with the originating and terminating points of the call.

The airline mileage between rate centers is determined by applying the formula below to the vertical and horizontal coordinates associated with the rate centers involved. The Company uses the rate centers and associated vertical and horizontal coordinates that are currently being used within the industry.

Mileage is calculated using the Vertical and Horizontal (V & H) coordinate system from the National Exchange Carriers Association Tariff F.C.C. No.4.

3.6 Minimum Call Completion Rate

The customer can expect a call completion rate of 99% per 100 calls attempted during peak use periods for all Feature Group D (1+) services. The Company will engineer its switching systems on the basis that ninety-nine percent (99%) of the customers accessing their system will be served during the busy hour.

ISSUED:**EFFECTIVE:****ISSUED BY:**

NEUTRAL TANDEM-SOUTH CAROLINA, LLC
Ron Gavillet, Executive Vice President
One South Wacker Drive, Suite 200
Chicago, IL 60606

SECTION 3 - GENERAL SERVICE DESCRIPTION**3.7 Special Service Arrangements**

Special Service Arrangement charges will be based on the estimated cost of furnishing such services including the cost of operating and maintaining such a service, the cost of equipment and materials used in providing such a service, the cost of installation including engineering, labor supervision, transportation, and the cost of any other specific item associated with the particular Special Service Arrangement request.

3.8 Pay Telephone (Payphone) Surcharge

A surcharge shall be assessed for each call made from a pay telephone to a Company-provided toll-free number or placed by using a travel card and dialing the Company's prefix in the form 101XXXX. This charge is to compensate the Company for the Federal Communications Commission assessment which is paid by the Company to pay telephone service providers for the use of their pay telephone instruments. The following charges are applicable on the first day of the billing month following the effective date of FCC Order 99- 7 in CC Docket No. 96-128.

	MAXIMUM Rate
Per Call Charge	\$0.50

Ron Gavillet, Executive Vice President
One South Wacker Drive, Suite 200
Chicago, IL 60606

SECTION 4 - CARRIER LONG DISTANCE SERVICES**4.1 General**

4.1.1 Conversation Minutes, reflecting usage sensitive charges resulting from use of Service, are billed in increments of six (6) seconds with an initial period (minimum billing period) of six (6) seconds, unless otherwise specified. Following the initial period, all charges are rounded to the next higher six (6) second increment for billing purposes, unless otherwise specified.

4.1.2 Other than the charges indicated for each service, there are no installation charges or monthly recurring charges for Service, except for the installation charges and/or monthly recurring charges associated with the use of dedicated Access Lines ordered by the Company on behalf of Customer or its end users.

4.2 Minimum Reseller Customer Usage Commitment

Reseller service rates shall be based upon the Minimum Customer Usage Commitment made by Customer and listed in the Service Agreement. Applicable rates are as indicated below:

4.2.1 Option A Rates shall apply to all Customers with a Minimum Customer Usage Commitment of less than \$1 million per month.

4.2.2 Option B Rates shall apply to all Customers with a Minimum Customer Usage Commitment equal to or greater than \$1 million per month.

4.3 Availability of Non-Day Reseller Rates

Non-Day rates for reseller services are only available to those Customers who in their Service Agreement select the "Non-Day Rate Option", and who ensure that a minimum of sixty percent (60%) of their monthly billable minutes fall within the Non-Day rate period.

4.4 Resale Service Offering

Dedicated Access Lines may be required to connect Customer or end user locations to Company's Hub. Such dedicated Access Lines, when required, shall be the sole responsibility of Customer. Notwithstanding such responsibility, the Company shall, upon Customer's request, order such dedicated Access Lines on behalf of Customer or its end users, and shall invoice Customer for all related recurring and non-recurring charges. Intrastate rate plans are tied to specific interstate and international rate plans which may include term plan options for interstate calling rates.

4.4.1 Travel Card Service

Travel Card Service is a time-of-day banded outbound long distance service. This service allows Customer or its end users to place long distance calls from locations other than their primary service location through the use of 800 number network access and an Authorization Code.

SECTION 4 - CARRIER LONG DISTANCE SERVICES**4.7 Casual Calling**

Casual Calling Service allows Customers to obtain Service without the necessity of presubscription of their local lines. Customers utilizing Casual Calling Service shall access Service by dialing an access code in the form of 10XXX or 101XXXX, where "X" is a 3 or 4 digit Carrier Identification Code (CIC) assigned to the Company and provided to the Customer. When dialing, the access code shall be followed by the normal sequence of 1+Area Code+Number. Calls placed using Casual Calling Service are billed to Customer in whole minute increments rounded up to the next full minute through the serving Local Exchange Carrier's (LEC) monthly bill. All end users of Casual Calling are Customers of the Company, even when they are end users of a Reseller for other Services.

ISSUED:**EFFECTIVE:****ISSUED BY:**

NEUTRAL TANDEM-SOUTH CAROLINA, LLC
 Ron Gavillet, Executive Vice President
 One South Wacker Drive, Suite 200
 Chicago, IL 60606

SECTION 5 - END USER LONG DISTANCE SERVICES**5.1 General**

The Company offers Message Telecommunications Service or MTS, outbound Wide Area Telecommunications Service (WATS), Inbound 800 Service, Travel Card Service, Operator Assisted calling programs, Private Line Services and Frame Relay Service. The customer's total monthly use of Carrier's service is charged at the applicable rates per minute set forth herein.

5.1.1 Message Telecommunications Service (MTS)

MTS or 1+ dialing is achieved by when the LEC programs the customer's telephone lines to automatically route 1+ calls to the Company's network. Service is billed in six (6) second increments, with partial seconds of usage rounded up to the next six (6) second increment, with a minimum billing of eighteen (18) seconds.

5.1.2 Toll Free (i.e., 800/888) Service

Toll Free Service is inbound telecommunications service which permits calls to be completed to the customer's location without charge to the calling party. Access to the service is gained by dialing a ten-digit telephone number which terminates at the customer's location. Toll Free Services originate via normal shared use facilities and are terminated via the customers' local exchange service access line.

The Company will accept a prospective Toll Free Service at customer's request for up to ten (10) toll free telephone numbers and will reserve such numbers on a first-come first-served basis. All requests for Toll Free Service number reservations must be written, dated and signed by the customer. The Company does not guarantee the availability of numbers until assigned. The requested Toll Free Service telephone numbers, if available, will be reserved for and furnished to the customer.

If a customer who has received a Toll Free Service number does not subscribe to Toll Free Service within thirty (30) days, the Company reserves the right to re-assign the number to another customer.

5.1.3 Travel Card Service

Travel Card Service allows subscribers who are away from home or office to place calls by gaining access to the Company's network via an 800 number. Travel Card Service is provided upon request to presubscribed customer and is not a stand-alone product.

NEUTRAL TANDEM-SOUTH CAROLINA, LLC
Ron Gavillet, Executive Vice President
One South Wacker Drive, Suite 200
Chicago, IL 60606

SECTION 5 - END USER LONG DISTANCE SERVICES**5.2 Usage Charges and Billing Increments****5.21 Usage Charges**

Usage charges are determined by the time of day rate periods and minutes of use within each rate period. The rate period is determined by the time and day of call origination at the customer's location.

5.2.2 Billing Increments

Unless specifically stated in the product description, usage is billed in sixty (60) second increments.

5.3 Switched and Travel Card Services – MAXIMUM Rates

	Per Minute	MRC

SECTION 5 - END USER LONG DISTANCE SERVICES**5.5 Integrated Access Service****5.5.1 Broadband Services**

Broadband services (i.e., Frame Relay) customers with an IAS plan will be subject to the following additional provisions:

1. At the end of the Customer's service term, service will renew for successive three month periods. Either the Customer or Carrier may terminate services upon thirty (30) days written notice prior to then of the term or any successive three month renewal.
2. If the Customer terminates usage of IAS services prior to the end of the term, the Customer will pay to Carrier 100% of the then-current dedicated access monthly charges (for access provided by the Company), multiplied by the number of months remaining in the term.

5.5.2 Nonrecurring Charges

A nonrecurring charge applies to establish IAS. All local installation charges of the local carrier are also passed through to the IAS Customer.

NRC: IAS Establishment – MAXIMUM Charge	\$2,000.00
---	------------

5.5.3 Early Termination

A penalty is computed and applied as a lump sum to the Customer's bill when the Customer cancels service prior to expiration of the term commitment by multiplying fifty percent (50%) of the minimum usage commitment times the number of months remaining in the term.

5.5.4 Pass Through Charges

The Company will pass through to the IAS Customer all charges incurred from local exchange carriers in providing dedicated high capacity access (T-1).

Chicago, IL 60606

SECTION 5 - END USER LONG DISTANCE SERVICES**5.7 LD Rate Plan**

LD Rate Plan is a long distance plan available to the Company's Customers on a presubscribed basis. This service utilizes switched or dedicated access lines. Calls are billed in six (6) second increments after an initial billing increment of eighteen (18) seconds. Calling Card calls are billed in one (1) minute increment after an initial billing increment of one (1) minute. Partial increments are rounded to the next higher increment. No monthly recurring charges or term and volume discounts apply to this service.

5.7.1 MAXIMUM Rates

	Per Minute IntraLATA	Per Minute InterLATA
Switched 1+	\$0.092	\$0.092
Standard Switched Toll Free Services	\$0.092	\$0.092

SECTION 5 - END USER LONG DISTANCE SERVICES**5.8 Business Migration Plan****5.8.1 Description of Service**

The Business Migration Plan is offered to Business Customers for lines presubscribed to the Company. This Plan is offered for both inbound (e.g., 800 service) and direct dialed outbound calling. Business Migration Plan is available only in conjunction with the Company's corresponding interstate plan.

5.8.2 Rates and Charges**A. Calculation of Charges**

All outbound calls are measured in six (6) second increments after an initial minimum call duration of eighteen (18) seconds. Toll free calls are measured in six (6) second increments after a minimum call duration of thirty (30) seconds. Total monthly usage is determined by recording each call individually and rounding the call to the next full minute on a per-call basis. The total monthly usage during a billing period is the sum of the minutes computed for each individual call.

B. Application of Rates

The applicable Usage Rate Level and corresponding Monthly Recurring Charge (MRC) is based on the total billing demonstrated at the time service is ordered or initiated. The MRC applies to each account with one or more lines presubscribed to the Business Migration Plan, regardless of the number lines subscribed. The MRC applies in full for each month or partial month of service. The MRC is permanently waived for Customers who demonstrate a usage history of \$775 or more.

C. Change in Rate Level

The Customer may initiate a request for a change in usage rate level, or the Company may initiate a change upon notice to the Customer, when total billing for a consecutive three month interval falls into a higher or lower rate category. When the Usage Rate Level is changed, the corresponding Monthly Recurring Charge is also changed.

SECTION 6 - MISCELLANEOUS SERVICES**6.1 Miscellaneous Services - General**

Services listed in this Section are available to retail as well as wholesale customers.

6.2 Operator Services

Operator services are available to Consumers from any Customer location. Operator Services allows the Consumer to place a call from a Customer location and arrange for billing other than to the originating telephone number. Calls are rounded up to the next whole minute for billing purposes and are billed to the Consumer through the monthly bill of the Consumer's local exchange carrier.

The following billing arrangements are available to Consumers through the Company's Operator Services:

6.2.1 Customer Dialed Calling/Credit Card

This is a service whereby the end user dials all of the digits necessary to route and bill the call without any operator assistance. Such calls may be billed either to a telephone company issued calling card or a commercial credit card.

6.2.2 Operator Station

This is a service whereby the caller places a non-person-to-person call with the assistance of an operator (live or automated). When placing an operator station call, the caller is connected to a non-specified individual at the terminating end. Such calls may be billed to a calling card, credit card, the called number (collect) or a valid third party telephone number.

6.2.3 Person-to-Person

This is a service whereby the person originating the call specifies to Carrier's operator a particular person to be reached, or a particular person, station, room number, department, or office to be reached through a PBX attendant. Person-to-person calls may be billed to a calling card, credit card, the called number (collect) or a valid third party telephone number.

6.2.4 MAXIMUM Rates and Charges

The Company shall not charge rates for the provision of operator services any greater than AT&T's intrastate rates, plus any Commission approved property imposed fees, at the time the call is completed.

NEUTRAL TANDEM-SOUTH CAROLINA, LLC
Ron Gavillet, Executive Vice President
One South Wacker Drive, Suite 200
Chicago, IL 60606

SECTION 6 - MISCELLANEOUS SERVICES**6.3 Frame Relay Service****6.3.1 General Description**

Frame Relay Service is an enhanced form of packet switching which uses variable length packets to connect multiple local area networks (LANs) for data transmission. Frame Relay Service is available throughout the United States where digital local access is available. The rules for Frame Relay Service in this Section are in addition to those rules found in Sections 1 through 3 of this tariff.

6.3.2 Definitions

Asynchronous Transfer Mode (ATM) - an international high-speed, high-volume, packet-switched transmission protocol standard that supports integrated voice, video and data communications. ATM uses short uniform 53 byte cells to divide data into packets for ultra fast switching through the network. The 53 byte cells contain 5-byte destination address headers and 48 data bytes.

Committed information rate (CIR) - the statistical measurement of throughput on a PVC over time measured in bits per second. The CIR is the rate at which the network agrees to accept data from the user, and which the network commits to transfer data under normal operating conditions.

Permanent virtual circuit (PVC) - the facilities used to form a communications path connecting between two ports. Although a PVC may be defined in static manner with static parameters, it is not fixed to a stationary path through the network.

Port - a network entry or exit point on the frame relay switch that connects to the Company's frame relay network.

Service Date - The date Frame Relay Service is installed and available, or the date specified on the customer's order form, whichever is later. The service date is the date on which all nonrecurring charges will be billed and monthly charges begin for Frame Relay Service.

ISSUED:**EFFECTIVE:****ISSUED BY:**

NEUTRAL TANDEM-SOUTH CAROLINA, LLC
Ron Gavillet, Executive Vice President
One South Wacker Drive, Suite 200
Chicago, IL 60606

SECTION 6 - MISCELLANEOUS SERVICES**6.3 Frame Relay Service (continued)****6.3.3 Rate Elements**

Frame Relay Service has three rate elements:

- A. local access facilities;
- B. ports; and
- C. a permanent virtual circuit (PVC).

6.3.4 Local Access

Local access facilities must be obtained to access Frame Relay Service. The local access facilities are ordered from the local exchange telephone company. The rates for the local access facilities vary by local exchange company and are found in that the Company's tariff.

6.3.5 Port Speed

Port speed is selected to accommodate the various PVCs that use a particular port. The speed represents the highest attainable data rate into or out of the location at any point in time. Available speeds range from 56 Kbps to 1.536 Mbps. A frame relay port connection provides the physical interface into the network and provides the logical termination of PVCs assigned to that port.

6.3.6 PVC

The PVC connects the customer's specific end-points on the interexchange network. Each PVC is assigned a committed information rate (CIR), which is the average minimum data rate the network will allocate to the PVC under normal operating conditions. The data transmission rate for a PVC can be greater than the CIR when excess capacity is available on the port and on the network. When this excess capacity exists, an average data rate above the CIR may be achieved up to the port capacity. Data sent across a virtual connection in excess of that connection's CIR will be marked discard eligible in the event of network congestion, and will be delivered only if the instantaneous demand for output on a transmission channel is equal to or less than the capacity of the queue for that channel.

PVCs may be either asymmetrical (one-way) or symmetrical (two-way). Symmetrical (two-way) traffic requires the use of one-symmetrical PVC or two asymmetrical PVCs.

ISSUED:**EFFECTIVE:****ISSUED BY:**

NEUTRAL TANDEM-SOUTH CAROLINA, LLC
Ron Gavillet, Executive Vice President
One South Wacker Drive, Suite 200
Chicago, IL 60606

SECTION 6 - MISCELLANEOUS SERVICES**6.3 Frame Relay Service (continued)****6.3.7 Frame Relay Service - Guarantees****A. Network Availability**

Network availability is measured as the total number of minutes in a billing month during which core network PVC routes are available to exchange data between the two network infrastructure node end points, divided by the total number of minutes in a billing month. A lapse in network availability is calculated commencing with the date on which the customer informs the Company of service non-availability, and ends on the date of service restoration. The PVC route will be measured from infrastructure port to infrastructure port and will not include the customer premises equipment (CPE) or local access facilities.

B. Network Availability Objective

The Company engineer's its network to achieve availability of 99.9% for networks designed with ten (10) or more network sites and a fully meshed network topology or a star network topology in which each remote site has PVCs connected to at least two network hubs engineered to a separate infrastructure node. In all other instances, the Company engineers its network to achieve availability of at least 99.5%.

C. Frame Delivery

Frame delivery measures the percentage of customer's frame relay packets delivered from the Company's network ingress port to the Company's network egress port. This percentage will not include packet delivery failures attributable to local access facilities or CPE.

D. Frame Delivery Objective

The Company engineers its network to achieve a frame delivery level of 99.9% of frames within a customer's CIR, and 99.0% of frames above a customer's CIR. These delivery rates apply for networks designed with ten (10) or more network sites and a fully meshed network topology or a star network topology in which each remote site has PVCs connected to at least two network hubs engineered to a separate infrastructure node. In all other instances, the Company engineers its network to achieve a frame delivery level of 99.0%.

One South Wacker Drive, Suite 200
Chicago, IL 60606

SECTION 6 - MISCELLANEOUS SERVICES

6.3 Frame Relay Service (continued)

6.3.7 Frame Relay Service – Guarantees (continued)

E. Network Latency

Network latency measures the elapsed time, in milliseconds, required for one data cell (frame relay packets converted to ATM cells on the Company's backbone network) to be delivered from the customer's Frame Relay Service network ingress port to the network egress port. Packet delivery failures attributable to local access facilities or CPE are not included.

F. Network Latency Objective

The Company engineers its network to achieve a one-way network latency of 65 milliseconds. This parameter applies for networks designed with ten (10) or more network sites and a fully meshed network topology or a star network topology in which each remote site has PVCs connected to at least two network hubs engineered to a separate infrastructure node. In all other instances, the Company engineers its network to achieve a network latency of 75 milliseconds.

G. Exclusions

The standards described above do not include periods of non-attainment resulting in whole or in part from one or more of the following causes:

1. Any act or omission on the part of the customer, its contractors, or any other entity over which the customer exercises control or has the right to exercise control;
2. Scheduled maintenance;
3. Labor strikes
4. *Force Majeure* events beyond the control of the Company (including, but not limited to, acts of Nature, government regulation and national emergency); and,
5. Any act or omission on the part of a third party including, but not limited to, the local access provider.

SECTION 6 - MISCELLANEOUS SERVICES**6.3 Frame Relay Service (continued)****6.3.8 Minimum Service Terms**

- A.** The minimum service requirement is one month for domestic service and one year for international service. The customer may subscribe to service under one, two, three, four or five year term plans. For any term plan, the rates will be fixed for the term. The term will begin on the first day of the month following the date the service is installed and available. Upon expiration, the term will be automatically extended at the term plan rates for successive ninety (90) day periods, unless thirty (30) days prior to the end of the term or each such extension either (a) the customer or the Company provides written notice to the other that it does not want such extension, or (b) the customer subscribes to another term plan and the rates of the new term plan apply.
- B.** If additional sites are added to a customer's Frame Relay Service after the initial subscription to a term plan, such sites will be incorporated into the customer's term plan and will have the same termination date as the customer's original term plan.
- C.** Existing customers may subscribe to a new term plan for Frame Relay Service of the same or greater value prior to the end of the customer's existing term plan without incurring any termination liability if the new term plan extends beyond the old term plan termination date by at least one year.

6.3.9 Termination of Frame Relay Service

Customer must provide the Company with 30 days written notice before terminating frame relay service. Customers terminating service prior to fulfilling their term commitment will be assessed a termination liability equal to one hundred percent (100%) of the monthly recurring charge for each access line, port and PVC service terminated multiplied by the number of months remaining in the first year of the term plan, plus fifty percent (50%) of the monthly recurring charges for each circuit canceled multiplied by the number of months remaining in the term plan after the first year. The customer will not have any termination liability if it subscribes to another Company service of the same or greater monthly revenues and volume, and with a term no less than the remaining months of the term plan or one year, whichever is greater, at the same time the notice of termination is received. The customer will also be liable for a pro-rata amount of any waived installation charges based on the number of months remaining in the term plan.

SECTION 6 - MISCELLANEOUS SERVICES**6.3 Frame Relay Service (continued)****6.3.10 Rates**

The following rates and charges apply to Frame Relay Services. The Company reserves the right to offer the Customer arrangements developed on a case-by-case basis in response to a bona fide special request from a Customer or prospective Customer to develop a competitive bid for a service not generally available under this Tariff. ICB rates will be offered to the Customer in writing and on a nondiscriminatory basis. Contracts resulting from a special request will be filed with the South Carolina Public Service Commission if required by the Commission.

SECTION 6 - MISCELLANEOUS SERVICES**6.4 Private Line Services****6.4.1 General**

The Company provides interstate Private Line Service to Customers with transmission speeds ranging from 64 Kbps to 1.544 Mbps. Private Line Services are offered on a point-to-point basis. Each Private Line Service is dedicated to the Customer and the entire usable bandwidth for each service is available to the Customer for their exclusive use.

6.4.2 Two Point Service

Two Point Service allows two Customer designated locations to be connected by one Private Line Service. The service terminated at both locations must be the same speed and the same capacity.

6.4.3 Application of Rates**A. Recurring Charges**

Recurring charges for Private Line Services vary based on the capacity of service, the distance of service, the term plan selected and the monthly revenue commitment made by the Customer. Unless otherwise stated in the description associated with the rate element in this tariff, Private Line Service recurring charges are applied on a circuit basis, per DS0 equivalent. A minimum circuit charge applies which varies by circuit bandwidth.

B. Nonrecurring Charges

Nonrecurring Charges (NRC) are one-time only charges. NRC's may be waived for certain promotions and under the specific terms of individually negotiated contract services.

All charges incurred by the Company on the Customer's behalf from any Local Exchange Carrier, Competitive Access Provider or Competitive Local Exchange Provider will be directly passed on the Customer. Cross-Connect Charges apply to Company facilities that are connected by the Company to other carriers or Customer interconnect/collocation facility within the same Point of Presence.

Notes

1. All charges incurred by Supplier on Customer's behalf from any Local Exchange Carrier, Competitive Access Provider or Competitive Local Exchange Carrier will be directly passed on to the Customer.
2. Service not described above will be considered special handling and charges will be assessed on an Individual Case Basis (ICB).
3. All of the above changes are subject to changes with a 30 day notice.
4. All Private Line ancillary service charges to cities not listed will be priced on an individual case basis and will be subject to the terms and charges of the underlying carrier.

D. Interconnect Charges

Interconnect Charges apply to connections between the Company's POPs in the same city or between the Company's suite to another suite in the same building. Since costs vary widely by location, the interconnect charges specified in this tariff are the minimum amount that will be charged monthly. All interconnect construction charges and individual case basis charges incurred by the Company will be passed through to the Customer. Interconnect arrangements are subject to the continuing economic availability of the necessary facilities and equipment.

ISSUED:**EFFECTIVE:****ISSUED BY:**

NEUTRAL TANDEM-SOUTH CAROLINA, LLC
Ron Gavillet, Executive Vice President
One South Wacker Drive, Suite 200
Chicago, IL 60606

SECTION 6 - MISCELLANEOUS SERVICES**6.4 Private Line Services (continued)****6.4.4 Order Cancellation Policy**

The Company will provide an order confirmation after the Customer places an order for service. If the Customer changes the order, a change order charge will apply based on the scope of the change. If the Customer cancels the order, the Customer must reimburse the Company for all costs incurred to that point. The Customer must notify the Company of service date changes 45 days prior to the due date. Service date changes may be extended by the Customer a maximum of thirty days from the due date.

6.4.5 Service Descriptions

Private Line Service allows the Customer to connect two locations with private dedicated service at one of a number of transmission speeds.

A. DS0 Service

DS0 Service is a dedicated digital channel with line speeds of 2.4, 4.8, 9.6, 56 or 64 Kbps.

B. DS1 Service

DS1 Service is a dedicated, high capacity channel with a line speed of 1.544 Mbps. DS1 Service has the equivalent capacity of 24 Voice Grade services or 24 DS0 services.

SECTION 6 - MISCELLANEOUS SERVICES**6.4 Private Line Services (continued)****6.4.8 MAXIMUM Rate Schedules**

The following rates and charges apply to Private Line Services. The Company reserves the right to offer the Customer arrangements developed on a case-by-case basis in response to a bona fide special request from a Customer or prospective Customer to develop a competitive bid for a service not generally available under this Tariff. ICB rates will be offered to the Customer in writing and on a non-discriminatory basis. Contracts resulting from a special request will be filed with the South Carolina Public Service Commission if required by the Commission.
